

# Education and Development opportunities for GPs new to General Practice

The Kent and Medway Training Hubs invite newly qualified GPs to apply for the New to Practice Programme which aims to bridge the gap between competency for certificate of completion of training and being confident in the real-world environment of modern primary care.

Individuals will gain a sense of belonging and ownership of the system in which they work and aims;

- To provide peer support for early career GPs
- To support appraisal and revalidation
- To provide continuing professional development

To qualify for this exciting opportunity you must meet the following criteria:

- Newly-qualified or within your first year in general practice
- Hold/ about to hold a substantive contract with a Kent or Medway General Practice/ PCN

\*Open to all who meet the above criteria, regardless of numbers of hours worked, and salary funding will be available through the Training Hubs to support programme attendance.

To register your interest please contact your local Training Hub team.
